

## الترجمة

أن نغرس في أبنائنا حب العمل والألتزام  
وأن نعززهم على الإبداع

We must instill in our children  
the love of work and belief  
and encourage them to  
innovate.

من الضروري اتخاذ الاحتياطات اللازمة لمواجهة  
الأمطار غير المتوقعة

It is essential to take precautions  
to cope with unexpected  
hazards.

## القطعة

السؤال In what way is incinerating <sup>الد</sup>

Incinerating is burning the  
the heat produced can be  
generate power.

السؤال why do you think ~~garbage~~ <sup>الد</sup>

for recycling, land filling  
composting and incineration

السؤال How much garbage <sup>الد</sup>

<sup>السؤال الثاني</sup>  
American throws away an average  
1600 pounds of waste each

الحق

(1) How did the doctor ... ?

He held Detchard from the back  
stopped him from killing the King  
Rassendyll came.

(2) Why was Rassendyll worried ... ?

→ As his expression changed and  
thought she had recognised him and  
people about his identity.

(3) What mistake ... ?

→ He let Michael wait outside  
the room for a long time and didn't  
give him a permission to enter. He  
just said saying he forgot rules.

(4) Money wasn't the only ...

→ He helped Rassendyll because  
he feared Michael and he knew  
he would be in danger if Michael's plan  
was successful.
